"Atlantic.Net is an innovative cloud services provider who not only secures our data and protects our network, they're our trusted partner to help us adhere to the rigorous security complexities of HIPAA compliance. The value provided by Atlantic.Net's flexibility and their "white glove" approach to customer service makes them the perfect partner for us. We are now able to focus on our business instead of supporting infrastructure issues. We feel extremely fortunate to work with the entire team at Atlantic.Net."
